# JOHN KOFFSKEY

---

## PROFILE

I am an entry-level backend developer looking to develop and grow my skills. I am also an entry-level father attempting to figure out parenting with my wife. When I have a task set before me, I want to do it as perfectly as possible, and I will persist until I succeed.

## SKILLS

**Python · Django · Javascript · HTML5 · CSS3 · Google Maps/Places API ·  
Heroku · AWS S3**

## EXPERIENCE

### **IRON YARD: MAY 2016 - AUGUST 2016**

Developed extensive skills in a 3 month intensive course culminating in my final project "Fanatik", a sports-themed checkin application using Python and Django, as well as the Google Maps and Places API

### **BLUFFTON VETERINARY CLINIC, VETERINARY TECHNICIAN:**

#### **SEPTEMBER 2014 - MAY 2016**

Practiced and attained many technical skills involving small animal medicine, expanded on interpersonal skills dealing with clients in difficult situations, instructed new employees on protocols and policies

### **GREENVILLE HUMANE SOCIETY, SUPERVISOR:**

#### **SEPTEMBER 2012 - MAY 2014**

Responsible for care of 150+ cats and dogs, provided excellent customer service, oversaw hiring and scheduling of 15+ employees, maintained morale and good working environment, performed routine maintenance and miscellaneous repair

## EDUCATION

### **GREENVILLE TECHNICAL COLLEGE – ASSOCIATE'S DEGREE**

#### **SYSTEMS ADMINISTRATION, GRADUATED 2011**
